PROFILE

An Illustrator and Concept Artist, who is interested on 2D art, children picture book, digital illustration, development design, animation and storyboard. My work is mainly created by digital painting, but also love to explore different materials. I enjoy expressing different genres of narrative through images. Always desire to learn. Innovate constantly and blending to improve painting skills. My previous company job and mural painting projects have given me some experience in the industry enhanced my communication skills and increased my self-confidence to work in a team.
